

**Reading course on Environment and Behavior (2 credits,  
Instructor: Sanjay Chandrasekharan)**

This reading course will examine how changes in environment-oriented behavior is related to the way the environment is understood.

Readings will be from the fields of conservation psychology, environmental philosophy, and grassroots movements related to the environment.

The class will meet every Thursday 2-5 pm. The course will run from August 13 to November 30. Written assignments are due every month.
